EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Stan Torgovitsky on 07/2/2004.

In the claims:

Claim 17: On line 5, replaced "polled" by "pulled".

Claim 22: On line 21, replaced "amount....of" by "amount of".

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Referring to claims 17, 22: In light of the applicants' arguments, the examiner admits that the cited prior art fails to disclose a second contracting element, which drives the pressure generating element so as to contract the pressure chamber expanded by the second expanding element, so that the meniscus is again urged in the ejecting direction to increase jetting speed of a satellite liquid drop which follows a main liquid drops.

Claims 2-6, 9, 13-26 are allowed because they depend directly/indirectly on claim 17 or 22.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
